SERVICES**

**Comp. Pol. File No. 656**

**Comments Due: July 21, 2003**

**Section 214 Application**

**Applicant: Qwest Interprise America, Inc.**

On **June 13, 2003**, **Qwest Interprise America, Inc.** (QIA or Applicant) located at **1801 California Street, Denver, CO 80202** filed an application with the Federal Communications Commission (FCC or Commission), requesting authority under section 214(a) of the Communications Act of 1934, as amended, 47 U.S.C. § 214(a), and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of its bundled broadband and internet access service to specific buildings in California, Illinois, Massachusetts, Texas and Virginia.

The application indicates that on May 29, 2003, the Commission granted Qwest Communications Corporation (QCC) and QIA authority to transfer to Covad control of their DSL customer base consisting of approximately 23,000 small and medium sized businesses located in California, Delaware, Illinois, Indiana, Kansas, Maryland, Massachusetts, Michigan, Missouri, New Jersey, New York, Ohio, Pennsylvania, Texas, Virginia, and the District of Columbia. QIA states that in the current application it seeks to discontinue the provision of bundled broadband and internet access it currently provides to approximately 500 customers located in California, Illinois, Massachusetts, Texas and Virginia that were not included in the earlier transfer of control. Specifically, QIA seeks to discontinue the provision of its bundled broadband and internet access service to its customers located in the following buildings listed below:

QIA states that it plans to discontinue service to the selected customers on August 5, 2003, or as soon thereafter as the necessary authorizations can be obtained. The application indicates that QIA notified all affected customers of its planned discontinuance by letters dated June 12, 2003.
